Creativity
Motivation
ENVIRONMENTAL LITERACY

Formal education: from kindergarten to high school, science and art centers
Informal education: social involvement, organizations, and youth movements All environmental civic organizations and official authorities
אנחנו אתה נשנה את העולם
TODAY'S
CHILDREN
CHANGE
TOMORROW

אם נרצה אינו זה מזבלה
Als we willen, is het geen puinhoop
إذا أردنا ، فهو ليس مكب نفايات
Αν θέλουμε, δεν είναι χωματερή
우리가 원한다면 그것은 덤프가 아닙니다
If we want – it's not a dump!
Dacă vrem, nu este o groapă
Wenn wir wollen, ist es keine Müllhalde
Michal
ถ้าเราอยากได้ก็ไม่ใช่ขยะ
Se vogliamo, non è una discarica
Si queremos, no es un basurero
Если мы хотим, это не свалка
Si queremos, no es un basurero
ከፈለግን ቆሻሻ አይደለም።
