## The lion and the mouse

### Story Time

A lion was asleep in the sun one day. A little mouse came out to play. The little mouse ran up the lion's **neck** (צוואר) and **slid down** (החליק) his back. The lion **caught** (תפס) him with a great big **smack** (מכה)!

'I'm going to eat you!' the lion **roared** (שאג), his mouth open **wide**.

'No, no, please don't!' the little mouse cried. 'Be kind to me and one day I'll help you.'

'I'm a lion! You're a mouse! What can you do?' The lion laughed, very hard, and the mouse ran away.

But the mouse was out walking the very next day. He heard a big roar, and **squeaked** (ציץ) when he saw the king of the jungle **tied** (קשור) to a tree. But the mouse had a plan to set him free. The mouse worked quickly and chewed through the **rope** (חבל).

The lion said, 'Oh little mouse, I had no **hope** (תקווה). You were right, little mouse – thank you, I'm free. You're the best friend there ever could be!'

## Read about the Hippo

Taken from [Our World](#) (WB Page 143) with special thanks to Eric Cohen Books.

Can you believe it?

The hippopotamus (hip-o-pot-u-mus) or hippo can really run faster than people. It's amazing!

The hippo lives in Africa. The name hippopotamus means "river horse" because the hippo **spends the whole day** in water. Sometimes more than 100 hippos are in the same lake or river at the same time. They do everything in the water: play, fight and have babies. Hippos can "talk" to each other under water. They drink 250 liters of water every day.

At night, a hippos life changes. Hippos leave the water and walk 3-5 Kilometers to find food. They need a lot of food- about 45 Kilos of grass. They don't eat meat. Hippos have **huge** mouths and teeth. Their mouths can open more than a meter.

HELP: spends the whole day - מבילה כל היום huge: ענק

**Circle the correct word to make questions about hippos**  
(הקיפו מילת שאלה המתאימה לכל תשובה על היפופוטמים)
