### **Oral Bagrut for students with special needs**

We highly encourage all of the students who are studying towards the 4 and 5 point Bagrut certificate in English to be tested on the COBE.

However, we recognize that for some of these students, this type of evaluation will impede their ability to share their oral language skills properly. In addition, some of these students have challenges that make it very difficult if not impossible to follow a clip (visually, auditorally).

These students are thus eligible to be tested orally by a person.

These students are to be registered for the 4 point oral bagrut exam: 016485 OR for the 5 point oral bagrut exam - 016585.

Then please send your inspector the name(s) and id. number(s) of the student (s) involved in order to arrange for a tester.

Any question: Please feel free to contact Aharona Gvaryahu 054-2818878, or via email: [gvaryahu@gmail.com/](mailto:gvaryahu@gmail.com/)

Thank you very much!
