## ARABIC SUMMER SCHOOL - TASK

*In this task you will be asked to suggest a suitable Arabic Summer School for some English friends.*

Your mother's English friend, Anna, and her daughter, Liz, are coming from England to spend the summer in Israel. They know a little Arabic but they want to learn more. Anna wants to be able to speak Arabic better and more fluently. Liz finished 6<sup>th</sup> grade and learnt some Arabic at a language school for children. She speaks well but she wants to improve her reading. They asked you to help them choose a summer school and write to them with your suggestions.

**Read** the descriptions of summer schools as they appear in the English newspapers and **write** a fax to Anna and Liz. In your fax suggest a summer school that would suit each one and explain your suggestions. (Write at least 50 words.)

**Note:**

**Read** the checklist before you start working and **fill it in** when you finish.
