General Guidelines

- Evaluate each of the four sentences **separately** according to the list of criteria for assessment on the next page. Each criterion is given a different number of points.
- A sentence must include a subject and a verb (e.g. Yossi looks funny.) and an object when necessary (e.g. Benny has a big hat.). Otherwise, give 0 for all criteria (e.g. Benny funny).
- If there is more than one sentence or if there are two simple sentences joined by a connector, evaluate only the first one. E.g. Yossi looks like a lion and he happy. (full points)
Benny funny and he has balloons. (0 points)
- Give 0 for all criteria if the content of the sentence is:
 - incomprehensible
 - irrelevant to what is seen in the picture
 - irrelevant to the specific instructions to describe what the child looks like and to describe what the child is doing.
 - repeated with the same words in another sentence (e.g. Benny is happy.; Natan is happy.).
- Add up the total points for each of the four sentences.
- Use the conversion table to calculate the final grade for task 5 item 10B.
